2025 International Convention

Accessible Transportation to Vancouver Convention Centre (VCC) and BC Place

If you have questions about the ADA services or to make an advance reservation for a mobile scooter or wheelchair-accessible vehicle, please see the shuttle supervisor at the ADA Shuttle Service Desk, located in Hall A East – Vancouver Convention Centre – East Building or call/text Kushner & Associates at the phone numbers listed by zone below during shuttle hours. The service is offered on a first come, first served basis with limited pickup times, so advance reservations are highly recommended. Please note this service is limited to the wheelchair or mobile scooter user plus (1) assistant, friend, family member, or aide.

Please note this service is to provide mobility support for those who require the use of a wheelchair or mobile scooter or are unable to use standard transportation. If you do not use a wheelchair or mobile scooter, we encourage you to utilize public transit, rideshare, or taxi, as availability for these vehicles is limited. Please visit the International Convention App for further information.
